20th April 2022: Everrati Automotive Limited (Everrati), leading technology company specialising in the redefining and futureproofing of automotive icons through the integration of the very latest electric vehicle (EV) powertrains, will this week showcase two models at Salon Privé London, including the electrified Porsche 911 (964) Gulf Signature Edition and Land Rover Series IIA.

Alongside a selection of the industry's leading OEMs and luxury brands, Everrati will host a stand (*number A4*) at the prestigious motor show taking place within the stunning grounds of the Royal Hospital Chelsea from 21-23 April. The event attracts a global audience of automotive media, enthusiasts, and customers with a shared passion for some of the automotive industry's most desired creations, from vintage classics and historical racers to the latest supercars.

Everrati's electrified **Porsche 911 (964) Gulf Signature Edition** is based upon a fully restored Porsche 911 964, featuring carbon fibre body elements and a state-of-the-art EV powertrain with 53kWh battery pack. Producing 500bhp and 500Nm of torque, a sub-4-second 0-62mph acceleration is achieved along with an emission-free driving range of more than 180 miles. Everrati's partnership with Gulf International means the Signature Edition is instantly distinguishable with its famous Gulf orange and blue livery.

The electrified **Land Rover Series IIA** by Everrati is restored to the highest level into a zero-emissions utilitarian vehicle appropriate for the 21st century. Housing Everrati's advanced EV powertrain, the Series IIA has a range of over 125 miles, combined with regenerative braking, AC and DC fast charging capability. The car's 60kWh battery produces 150bhp and 300Nm in both two-wheel drive and four-wheel drive modes.

Both individuals and businesses can now arrange tailored finance for Everrati products through JBR Capital – the UK's only independent finance lender dedicated solely to high-end vehicles – who will also be present at Salon Privé London. Finance enquiries can be made via Everrati directly at Salon Privé London or via www.everrati.com.

Everrati's current line-up of models includes:

- Porsche 911 (964) Coupe, Targa, Cabriolet in Pure, Signature, and officially licenced Gulf Signature Editions
- Land Rover Series IIA
- GT40 in partnership with Superformance, including officially licenced Gulf Edition
- Mercedes-Benz W113 SL 'Pagoda'

Order books are open for commissions across all vehicles at www.everrati.com

About Everrati™

Everrati™ was founded in 2019 by British entrepreneur Justin Lunny and long-term automotive specialist Nick Williams. Both car enthusiasts from an early age, they became

increasingly conscious of the wider impact combustion engines have on the environment. Everrati was launched with the vision of restoring iconic models from an earlier era and converting them to electric propulsion. Everrati's model line-up consists of electric versions of the Porsche 911 (964) Coupe, Targa, Cabriolet in Pure, Signature, and Gulf Signature Editions, Land Rover Series IIA, GT40 in partnership with Superformance including officially licenced Gulf Edition and Mercedes-Benz W113 SL 'Pagoda'. Everrati™ designs, develops and builds its cars from a bespoke facility in Upper Heyford, Oxfordshire.

Everrati™ restores and modifies existing classic and iconic cars for its customers to enable them to be used and enjoyed in a low carbon world. Everrati™ does not manufacture vehicles. Everrati™ is not sponsored, associated, approved, endorsed, nor, in any way, affiliated with the manufacturers of the cars they restore. All brand names, logos and crests along with any other products mentioned are the trademarks of their respective holders. Any mention of trademarked names or other marks is for purpose of reference only.
